FUNDING STRONGER COMMUNITIES

## Participatory Budgeting Funding Opportunity for Newport

Aneurin Bevan University Health Board has made £100,000 available for Participatory Budgeting for well-being in Newport to support local communities to recover from the impact of COVID-19. This funding was secured from the Welsh Government Early Years and Prevention Fund.

Participatory Budgeting (PB) puts community members in control of allocating funds to projects that benefit the community. PB is a democratic process where applicants that meet the criteria set out below, are asked to make a short video about their project and Newport residents vote for the projects that they believe will be of most benefit to the community.

*If you would like more information on the PB process, please [click here](#) to go to our FAQ document.*

Any community group, resident or not for profit organisation can bid for a share of the £100,000. Your bid just needs to benefit at least one of the eight groups **and** address one of the five themes listed below.

### 8 Groups:

- Black, Asian and Minority Ethnic Communities
- Disabled People and Carers
- Older People and Carers
- Children and Young People (10- 17)

### How Does The PB Process Work?

4. This application form is checked to ensure that it meets the full criteria (set out below).
5. Applicants that meet the criteria will be invited to put together a 3-minute video about their bid. Each film will be shown in a random sequence at a decision day event.
